Chocolate & February = Valentine

Valentine's Day is just around the corner and what better way to celebrate then with some wonderful organic fair trade chocolates from The Organic Box. We have several varieties of chocolates that will be sure to warm the hearts of your special loved one.

Camino Chocolates

All Camino products are made from quality organic ingredients proudly grown by fair trade certified co-operatives of family farmers. This ensures great tasting, high quality products for you and greater health and prosperity for the communities they work with. The Organic Box carries the Dark Chocolate and Dark Chocolate w/ Almond bars, as well as chocolate chip varieties that are perfect for warm and chewy cookies.

Something new...The Tangelo

The tangelo is a hybrid of the tangerine, the grapefruit and the pomelo. Less acidic and sweeter than a pomelo, the flesh of the tangelo is juicy and tasty. Kids love these because they are easy to peel and a nice change from the navel. Something about oranges and chocolate, they seem to go well together.

Recipe ideas...Chocolate orange fondue or Chocolate orange cupcakes. Yummy!

Organic Fair

Produced on Vancouver Island, Organic Fair chocolates are made from high quality fair trade, and organic ingredients that have been specially sourced by the husband/wife team of Kent and Marisa Goodwin. We carry their flavoured dark chocolate bars such as the Canadiana (w/ maple syrup, apples, and salt) and the Westerner (w/ hazelnuts and wild blueberries).

The Chocolate Doctors

Made right here in Edmonton! The Chocolate Doctors are absolutely wonderful and make some amazing raw chocolate syrups which are fantastic for making homemade hot chocolates, and for dipping with fruit. LOADED with nutrients and neuropeptides similar to the ones our bodies create when we are in **love!** This product is raw, vegan, dairy free, gluten free, low glycemic, refined sugar free, and made with fair trade ingredients. Yum Yum!

Over the Hill Orchard

Last week we introduced you to Over the Hill Orchards, and we started with their Prairie Cherry and Saskatoon spreads, and toppings. Now we're expanding our catalogue to include their **chocolate barks**, and **chocolate delights!** Having just tried some of the chocolate delights this week we can vouch that they are absolutely 'delightful', and would be perfect gifts for you special Valentine this year!
